

TLRA Summer Newsletter – 5/15/23

1. Enclosed are your 2023 Boat and trailer stickers. Place them on both sides of all your watercraft and trailers.
2. New TLRA members, please read and become familiar with the TLRA rules and regulations. You should all have received a copy, but if needed, go to www.tlra.co/pdfdocuments/RR.pdf
3. The Terry Point erosion project will be completed this fall by LWRC's engineers and equipment operators. (LWRC – Larimer and Weld Reservoir Company owns Terry Lake)
4. There will be NO shoreline projects, including tree trimming, allowed this summer due to liability concerns of LWRC management and legal counsel. LWRC will take care of downed trees.
5. Please stay away from the island during nesting season (March – July 31). If the wildlife's behavior changes, you are too close!
6. Trespassers enter from both the North end along Douglas and the South along the dam as well as through Gett's Park on the east and Terry Point's common area/boat ramp. If in doubt, ask if they are members. If they are not members, simply ask them to leave. Call a board member if needed, and they can call the sheriff and have them ticketed for trespassing.
7. Beach fires are ONLY allowed in approved fire pits. Make sure they are out before leaving!
8. There will be a 5-year membership meeting in December. Stay tuned for information.
9. Rules and regulations quick reminders:
