B. Terry point noise concerns – Hayley and Bonny

Steve Hyland began and spoke of continuing noise and late night parties on Terry Point. He and Melinda Frye own the houses on either side of Terry Point and its access road and parking area and have to go out after 10 PM to ask people to leave or quiet down. They suggested that the Terry Pt. be closed to use at dusk. They also want a gate to close the parking area at dusk and they want campfires banned as there is no approved fire pit, there are restrictions throughout the county and the smoke blows into their houses windows.

Several other neighbors gave their input including several who don't want restrictions on the point as they like to use it late in the evening.

TLRA board member Bob Brown said that since the Townhomes have the deed to the parking area, that they could put up a gate if they chose to do so. Also, if it met with TLRA board approval, it would be available for matching funds of up to \$1000.

Rick Harvey, president of the Terry Point townhomes, was present and said that they had \$600 in an account for projects and that they would be interested in using this money for the gate project.

Results of discussion: (action items)

1. TLRA board told Terry Point neighbors to post a copy of the Larimer CO fire ban to stop all campfires on Terry Point and call Fire Dept. if needed.
2. On 8/20 at 5 PM, Hayley and Bonny will hold a neighborhood meeting to further discuss noise and party problems and solutions. The meeting will be held at 3608 Canadian Pkwy at Hayley's house.
3. Rick Harvey will hold a Terry Pt. Townhome meeting to discuss the situation and Bonny and Hayley will be invited to attend and participate.(date not set)
4. Rick Harvey will look into the possibility that the Terry Point parking area, which is deeded to the townhomes, was leased to TLRA for its use and also to be included under its liability insurance policy. Jack Lundt will look into TLRA files to see if there is some record of that.
