

**RESOLUTION  
OF THE  
TERRY LAKE RECREATION ASSOCIATION  
REGARDING UNIDENTIFIABLE WATERCRAFT AND TRAILERS  
ON TERRY LAKE LEASED PROPERTY**

Terry Lake Recreation Association hereby adopts the following for dealing with unidentified or unclaimed watercraft and trailers left on Terry Lake leased property.

**1. Watercraft and/or Trailer Considered Unidentified**

Per the Rules and Regulations, watercraft and trailers kept on Terry Lake leased property must have a current year TLRA decal that identifies the owner of the watercraft or trailer. If a current year decal is not on the watercraft or trailers it will be considered unidentifiable.

**2. Watercraft or Trailers with Old TLRA Decals**

If a watercraft or trailer has a non-current TLRA decal with the owner's name, then the owner will be notified and informed that they must either remove the watercraft or trailer or request/obtain a current decal and place them on the trailer or watercraft.

If this is not done within thirty (30) days of notification, then the trailer or watercraft will be treated in the same manner as unidentifiable watercraft or trailers.

**3. Unidentifiable Watercraft/Trailers**

Watercraft or trailers on Terry Lake leased property that do not have current year TLRA decals with the owners name will be considered unidentifiable.

For TLRA purposes, Colorado issued boat numbers or Colorado license plates on a trailer are not sufficient identification.

**4. Procedure for Removal of Unidentifiable Watercraft/Trailers**

When a watercraft or trailer is first identified as "unidentifiable" a first notice will be sent to all members requesting that the owners claim and either remove their watercraft/trailers or obtain current year TLRA decals.

The notice will contain a description of the item, at least one photograph, and it's approximate location. The notice will be sent either by US mail or email.

Watercraft/trailer descriptions will be either in the notice or on the TLRA website. If on

the website, then the notice will contain information on how to access that information on the website.

If, after thirty (30) days, the watercraft/trailer has not been claimed and had current year TLRA decals applied, a second notice will be sent.

If, fifteen (15) days after the second notice, the watercraft/trailer has not been claimed and had current year TLRA decals applied, it will be tagged for towing. A tow company will be contacted to remove and take possession of the watercraft/trailer.
